

RIM MATCHING GUIDE

Each flush mount rim will be equipped with our standard mounting lugs that will secure to surfaces that are 3/4" to 1" thick. Deeper lugs are available that will work with surfaces up to 2-5/8" thick.

STANDARD LUG MOUNT

DEEP LUG MOUNT

Size-Specific Undermount Rim

Universal Undermount Rim

Undermount Rims are designed to attach a sink to the underside of a solid material countertop such as Epoxy resin. Scientific Plastics manufactures rims in specific sizes for each sink or as a universal two piece rim which can be modified in the field to fit any sink.
